Invitation for Bids

Embassy of India, Ankara invites Bids / Quotations from reputed Property Management companies/ agencies based in Türkiye with specialization in maintenance of Office & Residential properties.

1. Eligibility criteria for bidders:

- The company/ agency should have valid permit / registration from a competent local authority for Property Management Services.
- The company should be in operation for more than 5(five) years and should have an annual turn over of at least US\$ 21,000/- for the past three years. The proof of the turn over in the form of audit balance sheet for the past three years has to be submitted along with the bid.
- The company should have experience in building maintenance and performing similar works in Embassies or International Agencies in Türkiye. Work order and completion certificates of the relevant works are to be submitted as a proof of the works done.
- The company should have at least 20 property management professionals and full-time management and technical personnel of engineering, management, economy and other related specialties in their payroll. Company should also give the staff strength of their organization including breakup at executive, supervisory and technician level along with the technical bid.
- The applicant should submit a list of employees proposed to be employed in the Embassy with names and other details including their certificates stating clearly their individual roles for the proposed work. Company should also give details of the nature of engagement of the proposed personnel to be employed in the Embassy by the company and also copies of employment contract signed with the individual personnel and other relevant certifications including their proof of training, registration certificate (as technician), educational qualification certificate along with the technical bid.
- Proof of English knowledge in respect of the proposed Manager (Recommendation letter/self declaration is acceptable)

	<p>working knowledge in English.</p> <p>e. The Manager will be in charge for the overall management of the team.</p> <p>f. Is responsible for submission of regular reports and work plans, planning and support (Project Management) of larger technical projects (3rd party suppliers management) and will be the point of contact for the client.</p> <p>g. Must be a skilled draftsman.</p> <p>h. He/She will also contact with various Municipal agencies viz. water supply, Electricity and Gas agencies.</p> <p>The Manager-cum-Operating Engineer should be in charge of all types of electrical works including regular maintenance of heating system in Chancery and Embassy Residence as well as all other Electrical equipment, DG Set, Air Conditioners and Heating panels. The electrical engineer should be supported by other electricians as per requirement for different types of preventive and breakdown maintenance work.</p> <p>He/She should also take up any additional minor electrical installation which may be required to be set up during the period of contract. By any additional minor electrical installation work, it is meant erection of an additional electrical point, rewiring small parts where total wire used is less than 50 metres, ducting/ cabling of wire from one room to another (distances less than 10 metres).The company should be able to provide any material. Any additional cost will be provided by the Embassy on case by case basis. In case of Operating Engineer going on leave, company has to provide additional Supervisor in her/his place. In no circumstances, the work of the Embassy should be affected.</p>					
3.	Provide dedicated (on-Call basis) experienced and certified Handymen (with masonry & plumbing, carpentry and electro-mechanical certification) who can carry works related to building repairs, plumbing including repairing water leakage, water meters; and carpentry works such as fixing wooden	Y	Y	Y	Each Job	12

	<p>furniture, fixing scratches; repair/replacement parts of Gas stoves, Heating Radiators, pedestal/table fans etc. and all other maintenance related work including moving support as appointed. The Handymen will work under directions of the Property Manager for undertaking regular maintenance work. They should be made in charge of any minor breakdown maintenance and most of the regular preventive maintenance work.</p> <p>In case of Handymen going on leave, company has to provide additional Handymen in her/his place. In no circumstances, the work of the embassy should be affected.</p>					
4.	<p>Create an annual maintenance plan including monthly planning for the routine maintenance as well as maintenance for all technical equipment installations at the Embassy of India building and residences. The company must submit a monthly property management report (in English) covering all activities and maintenance works carried out during the month.</p> <p>The Annual maintenance plan has to be presented on the date of signing of the contract. A short summary of the annual maintenance plan should be submitted.</p>	Y	Y	Y	Each Job	12
5.	<p>Upkeep and Maintenance of civil structures to include grass cutting etc. above the apartment roofs.</p> <p>This should be part of the Annual Maintenance Plan and has to be done in a phased manner that the occupants can stay inside while the work is progressing.</p>	N	Y	Y		
6.	Support Embassy of India with arrangement and management of 3rd party government inspections, if any.	Y	Y	Y		
7.	All the above scope covers the 6 Apartments in the Chancery complex.	Y	Y	Y		
8.	Arrange third party inspection and provide	Y	Y	Y	Each	

	specialized inspection report in case of any major civil structural or masonry issue in case of any building inside the Complex free of charge. Embassy has the right to engage the company or any other party in completion of the project.				h Job	
9.	<p>Breakdown Maintenance of Electrical & Mechanical Installations</p> <p>Restoration of basic services in the event of any breakdown is an immediate priority. The Company shall use its available pool of resources for resolving such situations. In case there is any problem beyond the scope of their expertise and is of specialized nature or related to electronic circuitry, they have to assist embassy in finding at least two third parties who can do that. Embassy has the right to engage any third party.</p> <p>In case the breakdown maintenance involves any issue which can be resolved by the technicians of the company, Embassy will take up the additional cost for spare parts/materials.</p>	Y	Y	Y	Eac h Job	
10.	<p>In all cases where there is a maintenance contract/warranty between OEM of the equipment and Embassy, the overall supervision shall lie with the technical maintenance vendor.</p> <p>Effective coordination/technical assistance with all AMC contractors.</p> <p>The bidder shall provide sound, lights & technical support during events organized by the Embassy.</p>	Y	Y	Y	Eac h Job	
11.	<p>a. Weekly reports of all the complaints, handled generated and resolved to be submitted before the end of the week.</p> <p>b. Maintenance/repair of radiators, air conditioners and minor equipment in the stock of Mission</p>	Y	Y	Y	Eac h Job	
12.	The company has to ensure that there is no disruption of services during Turkish National Holiday period.	Y	Y	Y	Eac h Job
